

CMI benefit

Membership. What's in it for me?

Determined to reach the top rung of the career ladder? Want to fast-track your way forward?

Join the Chartered Management Institute and you'll find that doors open, giving you every opportunity to achieve your ultimate career goals.

"The Chartered Management Institute offers a truly remarkable and professional service and I would highly recommend membership."

Dr Aileen Patricia Lothian, MCMI,
Director, Young SET Ambassadors Ltd, Edinburgh University

Membership makes you more marketable

When times are tough – as they are now – employability is a major asset.

When times are good – as they surely will be soon – marketability helps you claim the plum management positions.

Membership of the CMI says more about your professional standing and ability than qualifications alone – and gives you the recognition that comes with letters after your name.

Your membership status sets you apart, differentiating you from other managers and giving you a distinct head start.

Membership helps you outperform

A framework. A support structure. A sounding board.

Call it what you will but your membership package gives you access to all the resources, information and guidance you need to be the best you can be.

More professional. More productive. More powerful.

What more could you – and indeed your employer – want?

Membership makes you better connected

Some of it's what you know. Some of it's who you know.

The CMI gives you plenty of networking opportunities, face-to-face at our frequent local and national events, in online forums and through our professional networks.

If you want to be out there, you've got to be in the CMI.

Membership can pay you big dividends

It makes you more marketable. It helps you perform better. It raises your profile.

That's a potent combination adding up to bigger pay cheques and better prospects.

That's what's in it for you, when you become a member of the CMI.

"In the modern world, information is key. I feel being a couple of clicks from a wealth of information, opinions and management thinking is priceless."

Rob Robson, Regional Commodity Manager, BOC
